September 2018

Dear Parents and Carers

### **Astrodome Experience**

As part of our Science curriculum this year, children in Year 5 will be learning about Space through our 'To Infinity and Beyond' topic.

To introduce them to this, we have arranged for Astrodome to come into school on **Wednesday 3<sup>th</sup> October 2018.**

The mobile school planetarium will set up in the top hall and the children will be able to climb inside the large dome and experience space through interactive presentations. All children will receive a certificate and there is a wealth of follow up activities that can be found on their website [www.astrodome.tv](http://www.astrodome.tv).

We are really looking forward to this event as the children will have an enjoyable experience as well as consolidating both scientific and geographical aspects of the National Curriculum.

The cost of this educational event is £5.00, please pay via Parent Mail or alternatively request a bar code from the school office.

Yours sincerely

**The Year 5 Team**
