

Dear Parents and Carers,

Our mixed Year 3 and 4 Year bubble has been extremely successful as has the teaching of the Year 3 pupils in the Year 2 area.

When we return to school all of the Year 3 pupils will be taught in the Year 3/4 bubble. Consequently, we have rearranged the home classes for the bubble so that there is an even spread of pupils in each class. We have taken into consideration the friendship groups of children to minimise the disruption.

The children are all familiar with the teachers within the year group, due to our mixed, specialised teaching system and so transition will be smooth.

Our priority for all of our children upon the first week of return is to rebuild relationship with teachers and peers and reignite their passion for learning. In the first week back we have planned team building and fun activities to support this which is why we have decided to start this from the first day back Monday March 8th. Parents will receive a private Parentmail informing them of their new home class and teacher.

The Year 3 and 4 children will be met on the upper school playground on the first Monday back at 8:30 by their teachers.

If you have any questions, please do contact the office, who will be able to help.

Yours Sincerely

The Core Team
