

22nd April 2022

Dear Parents/Carers,

I am writing to introduce myself as the new CEO of the Rainham Mark Education Trust.

I commenced my post this week and have very much enjoyed meeting staff and students within each of our 3 schools over the past few days.

I am excited and privileged to be working in such a fantastic Trust where a strong team of staff and leaders already make it a clear priority to value and develop every child.

As we emerge from a period of significantly disrupted learning over the past 2 years, and adapt to new leadership, this is an exciting time for RMET to shape our next generation of students and to remind our community what a fantastic place our schools are to learn.

I will, in due course, be inviting parents/carers to attend a launch event where we will formally share our Trust vision. A key priority, within our future plans, will be to ensure that each school in our family is enjoying the benefits of working in partnership. It is important to us that all children attending RMET schools, are equally valued and enabled to enjoy learning and achieve their full potential, supported by the greater opportunities that emerge through collaboration.

I look forward to meeting with you in the near future, either at our launch event, or through a range of opportunities where we share and celebrate the successes of your children.

Yours sincerely,

Tash Hurtado

CEO, Rainham Mark Education Trust
